THE NEW VILLAGE COUNCIL

The only real cold spell of the season coming as it did right at the time of the village elections, only served to warm up the excitement, and as a result a very large vote was polled. The 1921 council will be composed of two experienced members in H. E. Elves and L. H. Phillips, and one "tender-foot" in the person of L. M. Swain. The vote stood as follows:

Swain, 41.
Phillips, 37.
Elves, 36.
Manning 28.
Vickers 24.

The new council should be a very satisfactory and efficient executive organization, as it embodies three essential characteristics for public enterprise, viz: progressiveness, conservatism and diplomacy.

LOCALETS

W. H. Smith and wife are up to Calgary for a few days.

A pretty home wedding was celebrated at noon on Tuesday, Dec. 28th., at the home of Mr. and Mrs. W. T. P. Eyres, Bow City, when their daughter, Carrie Lavina, was united in matrimony to Mr. W. Milton Shouldice of Chesley, Ont., in the presence of immediate relatives and some intimate friends of the bride. After a tasty buffet luncheon, not the least important part of which was the cutting of the bride's cake. The happy couple left on a short trip to Calgary and points west before they journey to their new home at Chesley. The officiating clergyman was Rev. N. W. Whitmore of Bow City.

T. A. Kennedy spent Christmas with the family in Calgary.

Constable Maddison of the Lomond detachment A.P.P., has been transferred to Medicine Hat, Constable Cushing coming from the Hat to here.

After eliminating and being eliminated, the school board finally secured the services of Miss Carrie Hope of Red Deer to take charge of the primary room.

Mrs. H. N. Hanna is visiting relatives at Entrance, Alberta.

A. E. Olmstead, formerly of the Armada district, died at his home at Hastings, Mich., shortly after his return from Alberta, early in December. Death caused by pneumonia.

Agricultural Society Re-organizes

The annual meeting of the Lomond Agricultural Society was held on Dec. 18th., there being a fair representation of members present. No one expected to see the Society show a surplus but all signified a willingness to stand behind the institution till favorable crop conditions make it possible to wipe off the liabilities. Officers for the ensuing year were elected as follows:

President, T. Chapman.
Vice Presidents, John Burton and E. R. Barnett.

Directors:—F. Newton, W. M. Armstrong, V. Davies, C. Maronda, G. H. Fiehl, L. H. Phillips, Fred Hart, R. L. King, J. R. McKay, D. A. Wilkinson, A. C. Little.

Associate Directors:—Mrs. Haley, Mrs. Little, Mrs. F. Newton, Mrs. Holden, Mrs. Phillips.

The Society combined an institute meeting with the annual meeting and the gathering was more than pleased with the topics presented by Rev. F. Forster and A. H. Abbott, principal of the Consolidated Schools. Mr. Forster's theme was to the effect that the farmers themselves must advance the standard of their calling. Just so long as farming was looked down upon by farmers themselves and accepted as beneath the arts and professions, the farmer could not expect to

command due respect from those in other walks of life. Mr. Abbott took up the relation of the public school education to the farm child. His talk opened up an entirely new line of thought with regard to the work of the public school. Taking the two addresses into consideration, there have been numerous expressions of complete satisfaction over the result of the meeting. It has been found that local talent can provide interest as well as always being dependent upon outside speakers.

Lomond Needs a Public Hall

Lomond needs badly some safe and suitable accommodation for a public hall. In ordinary times we would advocate the erection of a public building, but under the circumstances perhaps private enterprise fostered by the village might formulate some sort of enterprise and effect results. Here's worry for the newly elected council!

Annual Meeting

NOTICE IS HEREBY GIVEN that the annual meeting of the ratepayers of the Lomond Consolidated School District, No. 20, will be held in the school house on Saturday, January 15th., 1921, commencing at two o'clock p.m.

ANDREW W. TULLOCH,
Secretary-Treasurer.

SUCCESSFUL SCHOOL CONCERT

In spite of the handicap caused by the lack of suitable hall accommodation, and in spite of the severe cold weather the Christmas Tree and Entertainment gotten up under the direction of the Consolidated School Staff was staged very successfully in the newly enlarged school building on Thursday evening. The seating capacity of the place was entirely taken up by children and their parents with a few others interested mingled in. The program had been rehearsed with the aid of a piano, when at the last moment it was found that it was impossible to secure a piano and have it placed in the school. The chief item on the program was the presentation of "A Christmas Carol" adapted from Charles Dickens. This was a pretty heavy load for the children to undertake but the manner in which they unfolded the plot made them worthy of considerable credit. There were a few choruses, dances, etc., intermingled in the program and added a bit of spice to the program.

W. A. Teskey, chairman of the School Board, introduced the program. At the close Principal Abbott, on behalf of the staff, took advantage of the occasion to publicly present a bouquet of carnations to Mrs. Maddison as a tribute to her services in training the children.

Old Santa came along right at the close of the program and from the amusing monologue he entertained the crowd with, it was very evident that he new councillor to Dad Crum. He had candy and nuts and presents for every boy and girl in the district.

"Happy New Year"

Happy New Year! 'Tis but an old shopworn bit of phraseology but it invariably conveys a sincere expression of good will between man and man. We believe man harbors an inherent desire to be on good terms with his neighbor and welcomes this opportunity to start out afresh. Unfortunately the jealous tale-bearer treads in between and constantly keeps one portion of society divided against the other. So, when a man greets you with a "Happy New Year" look deeper than the shallow film of polite custom.

We like the new! Human

nature is always enamoured with the gloss and glitter of things new. We like the New Year because it opens an opportunity to correct some of the mistakes that have been hindering our progress. It presents an opportunity to review the past, and adjust the future on a new course.

Perhaps the New Year will bring a return of prosperity to this district an era of improved social conditions that will make the lives we people more comfortable and happy. Unpaid bills and unwilling mortgages are not exactly conducive to an even temperament.

A wholesale firm sent us a handy desk calendar at Christmas time. On one of the leaves is a timely motto—"Take care to be an economist in prosperity; there is no fear of your being one in adversity." Perhaps they considered us to be in need of some such admonition. The sooner this country gets down to doing business on a cash basis, the earlier we can greet each other with a "Happy New Year" carrying with it the full meaning of the words.

o o o

Not that we desire to stimu-

late the public with a spirit of optimism, but weather prophets forecast unusual precipitation during the coming summer on all areas of land (such as Southern Alberta) sloping from west to east. Owing to the casual shifting of ocean currents the source of rainfall next year will be from the northern Atlantic. Storm clouds travelling westward will be precipitated on the eastern slopes of the Rocky Mountains during the course of their rapid ascension. Directly opposite conditions have prevailed during the past three years. Ye students of nature, cut this article out and paste in on the June sheet of your calendar for reference later on.

o o o

Barely two weeks of winter weather has been experienced in Southern Alberta up to date this season. Where any outside pasture was at all available no winter feeding has yet been necessary. On top of this, the horses and cattle on the range are in the pink of condition. Nature is working quite favorably in conjunction with contracted bank credits.

BADGER LAKE

Christmas was heralded by a fine program at the First Chance School house on Tuesday evening, Dec. 21st. A gaily decorated Christmas tree greeted the eager eyes of many happy children and Santa Claus himself was on hand to distribute his gifts and toys. Great credit for the evening's performance is due the enterprising teacher, Miss Helen M. Smith, who, although willingly helped by school board and community, worked faithfully and successfully in training the children.

Under the chairmanship of the local parson, Rev. N. W. Whitmore, the program was listened to with fixed attention and the assembled people were sorry when the last chorus was sung:

Chorus by School—"Oh, Canada."

Chorus—"Sleigh Bells of Santa Claus"

THE arrival of Santa Himself.

After a sociable half hour, which is worth fortunes to any community, tired children and contented parents sang "God Save the King" before making for home.

BOW CITY

Bow City and Forestville committees joined together in celebrating Christmas, providing a daintily decorated tree for the children, who in turn entertained the older folk with an amusing and attractive program. Some adults took part and arranged for a male chorus which quite acceptably rendered a couple of numbers. Solos were sung by Misses A. Robinson and Margaret Barr and Mr. Jim Norman, and there were readings given by Mr. Rose Graham and Bob West. Twenty boys and girls gave a very pleasing palm branch drill and all the children sang well in the "Christmas Gospel Bells" number. The chairman, Rev. N.W. Whitmore, also had the privilege of calling on the children for some dialogues, and the following little folk recited: Grace Graham, Mary Way, Doreen Way, Buster Graham, Pearl Graham, Cecil Calvert, Lillie Chambers, Ernie Graham, Vincent Graham, Zella

Calvert, Inez Eyres, Willie Graham, Martha Shaw, Sarah Pfennister, Clayton Campbell, Jack Eyres, Earl Taylor, Nellie Graham, Jean Eyres and Thomas Chambers. Leah DeForest sang a solo and, with Sarah Pfennister, a duet. Earl DeForest rendered a pleasing violin solo.

After genial Santa Claus distributed the gifts and lots of kisses to the youngsters, a social time was spent in disposing of a generous lunch much to the inward satisfaction of all present. It's too bad Christmas comes but once a year, it means so much to the kiddies.

MIDWAY

On Thursday evening, Dec. 23rd., a fine Christmas Tree concert was held in the Midway School House. The teacher, Mr. O'Connor, had not been long on the job but the program was of pleasant interest and the affair was well attended by the families of the community. Rev. N. W. Whitmore, the local minister, acted as chairman. A couple of good choruses and some very amusing dialogues filled up the evening, along with the following individual numbers:—Recitations by Viola Thiel, Dewilla McManus, Roy Armstrong, Francis Little, Leona Thiel, Roy Little, Maynard Knapp, Hazel McManus, Leslie McManus. Song by Leona Thiel. Instrumental Solo by Hilda Thiel.

Some say that the arrival of Santa Claus was anticipated by Bob McManus, others thought he came himself.

The Season's Greetings to You and Yours

It would not seem like Christmas to us if we did not take the opportunity of extending to each one of our customers greetings for the season. Though the wish is as old as Christmas itself yet the sentiment it conveys is sincere and earnest. We extend the old, old wish—

MAY EVERY CHRISTMAS JOY BE YOURS
and may the coming year hold in store
everything that you could wish
for yourself.

THANK YOU

Two simple words, but they mean much to us. They are our expression of appreciation for the kindly patronage that you have extended to us in the past. May we hope that we shall continue to merit your favor during 1921. If increased service and good values will count for anything we are sure that you will remain one of our old and valued friends.

Lomond U. F. A. Going Again

The annual meeting of the Lomond Local U.F.A. was held in the municipal office on Wednesday, the 29th. The question of the proposed wheat pool was discussed and a vote in favor of same resulted. Officers for the year 1921 were elected as follows: President, H. A. Rowe, Vice President, Joseph Rodgers, Secretary, F. Forster.

(set up for last issue)

The Lomond Local U. F. A. is experiencing great difficulties in effecting a re-organization, yet, through the perseverance of a few interested parties, another effort will be made to get the men together in the Municipal Office on Wednesday afternoon, Dec. 29th., at two o'clock. Besides the election of officers and the appointment of a delegate to attend the annual provincial convention, there is to be an informal discussion on the organization by the farmers of the proposed wheat pool for the marketing by the farmers of Western Canada's wheat crop.

It is the hope of some of the men who are trying to build up the local organization that a real live debating team can be unearthed and the public interest rallied to the cause.

We believe the people would welcome an opportunity for the open discussion of not only the wheat pool, but of many other important problems of the hour. Let everybody get behind and push.

"LETTING GEORGE DO IT"

Are we not doing this same thing by letting our farmer friends to the north do all the agitating for the completion of the railroad that now comes to an abrupt halt at Lomond?

Why not some enterprising business man in each town that is now served by this railway get up a petition and have as many farmers as possible sign it, asking for the completion of this road during the summer of 1921, and thus give more weight to the farmer friends of the north country?

And thus remember that thereby we are securing a better mail and train service for ourselves.

Yours for true co-operation,
G. H. FICHT.

It is expected that the long standing Irish question will soon be settled, the extreme faction condescending to accept a measure of home rule.
